

ConKerr Cancer - a Case for smiles Pillow Cases for Hospitalized children.

Instructions for making a standard size pillowcase

Supplies: 100% cotton
3/4 yard fabric for body
1/3 yard fabric for border

Instructions:
Cut body of case 26 1/2" x 40 1/2"
Cut border 10 1/2" x 40 1/2"

Fold border in half lengthwise with the wrong sides together and iron.

Place the right side of the border on the right side of the body
Stitch these together using a 1/2" seam allowance

Place right sides together and stitch down sides and across bottom.

Turn right-side-out and iron

Wash the pillow case thoroughly with fragrance free detergent (to sanitize for hospital use)

Place each pillow case in an individual quart-sized zip lock bag.
